

Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Thursday 11 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:

Cloudy with outbreaks of rain and snow in the west.

Today:

A mostly dry start to the day, with the best of any sunshine further east. Turning cloudier by the afternoon, with outbreaks of rain and snow in the far west. Feeling cold with strong winds and coastal gales. Maximum temperature 3 deg C (37 deg F).

Tonight:

Outbreaks of light rain and snow will continue in the west of the region during this evening, easing overnight. Elsewhere remaining dry but cloudy. A cold night with strong winds. Minimum temperature 0 deg C (32 deg F).

Friday:

A dry day for much of the region. Cloudy at first but turning brighter by the afternoon. Remaining cloudy in the far west with isolated showers. Less cold and breezy. Maximum temperature 6 deg C (43 deg F).

Outlook for Saturday to Monday:

Cloudy on Saturday with outbreaks of rain and snow. Turning milder through Sunday and Monday, with further wet weather moving eastwards across the region. Windy throughout.
